* **Udon:** Udon is the thickest noodle in the Japanese cuisine. They are made of wheat flour, water and salt. The Udon here at Nobiko are freshly made from scratch every day by the team.

** **Broth:** The basic broth for our self-made Udon is also made fresh from scratch several times per week. The core of the broth is made up of kombu-seaweed, organic shiitake, and a self-made stock of organic vegetables. The broth is topped off with soy sauce and mirin (Sweet, Japanese rice-wine). After dilution and cooking, a very small percentage of alcohol remains. For possible options entirely without mirin, please ask the staff.
